

STINZENBOLLEN

Allium ursinum

Anemone nemorosa

Arum italicum

Chionodoxa luciliae

Corydalis cava

Corydalis solida

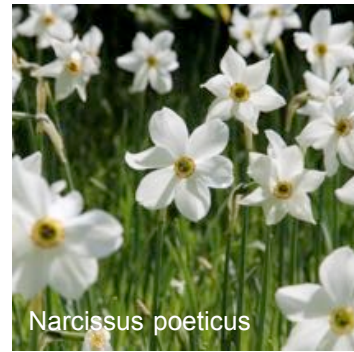

Galanthus nivalis

Hyacinthoides hispanica

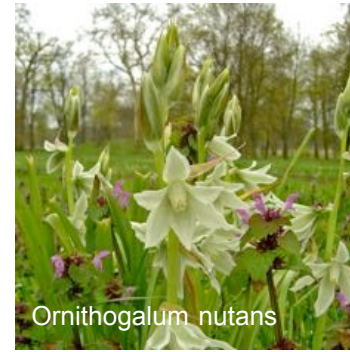

Leucojum aestivum

Narcissus poeticus

Narcissus pseudonarcissus
ssp. lobularis

Ornithogalum nutans

Tulipa sylvestris

STINZENPLANTEN EN BEGELEIDERS

Athyrium filix-femina

Campanula latifolia

Doronicum pardalianches

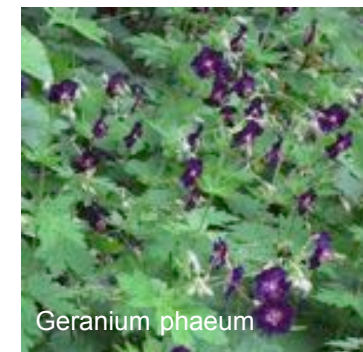

Dryopteris filix mas

Epimedium alpinum

Galium odoratum

Geranium phaeum

Geum rivale

Lamium galeobdolon

Polygonatum multiflorum

Primula elatior

Pulmonaria officinalis

Silene dioica

Viola odorata

ZEGGES, VELDBIEZEN EN GRASSEN

Carex strigosa

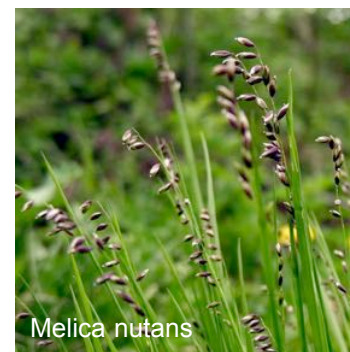

Carex sylvatica

Luzula luzuloides

Luzula sylvatica

Melica nutans

Milium effusum

Poa chaixii

BEPLANTING STINZENRUINE

WILDE WEELDE WERELD APPELTERN

PLANTEN VOOR OP EN IN DE STAPELMUUR

Ballota nigra
ssp. *meridionalis*

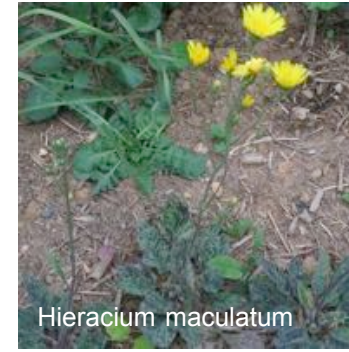

Carex digitata

Corydalis cheilanthifolia

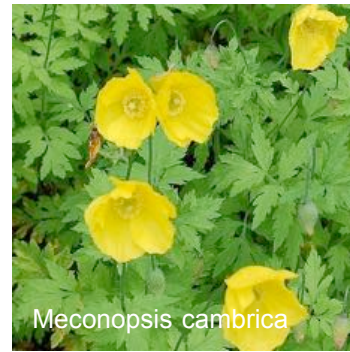

Corydalis lutea

Hieracium maculatum

Hieracium murorum

Meconopsis cambrica

Parietaria judaica

Polypodium vulgare

STINZENHEESTERS EN BOSPLANTSOEN

Carpinus betulis

Cornus mas

Cornus sanguinea

Crataegus laevigata

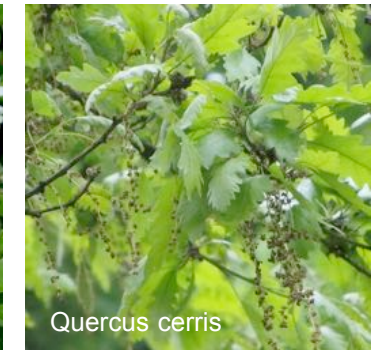

Ligustrum vulgare

Malus sylvestris

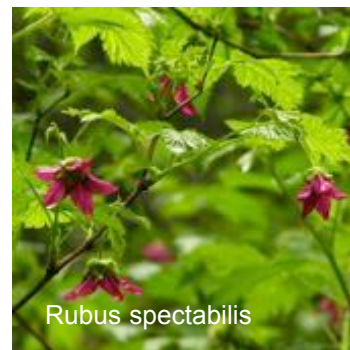

Prunus padus

Quercus cerris

Ribes alpinum

Rubus spectabilis

Salix aurita

Sambucus nigra (bessen)

Sambucus racemosa

Staphylea pinnata

Tilia cordata

BEPLANTING STINZENRUINE

WILDE WEELDE WERELD APPELTERN
